Top 5 jobs for Panacea maxxASSIST virtual assistants:

Appointment Scheduling Virtual Assistant: An appointment scheduling virtual assistant can help with managing and scheduling appointments, ensuring that there is no double-booking and that patients are seen in a timely manner. They can also help with rescheduling appointments, sending appointment reminders, and confirming appointments with patients.

Medical Research Virtual Assistant: A medical research virtual assistant can assist with conducting medical research, compiling data, and analyzing results. They can help with literature reviews, research study design, data collection, and data analysis. This can help the medical practice stay up-to-date with the latest medical advances and provide better care to patients.

Telemedicine Virtual Assistant: A telemedicine virtual assistant can help with managing virtual consultations and appointments, ensuring that patients are seen in a timely manner and that all necessary information is collected before the appointment. They can also assist with setting up the necessary technology and ensuring that all virtual appointments run smoothly.

Patient Support Virtual Assistant: A patient support virtual assistant can help with answering patient inquiries, scheduling appointments, and providing general information about the medical practice. They can also assist with managing patient portals, sending reminders, and providing general support to patients.

Associate Care Coordinator Virtual Assistant: helps coordinate patient care. They also communicate with patients and their families to provide education & support, and help connect them with community resources as needed.

Couldn't be happier

"Our family medical clinic has been utilizing Panacea's maxxASSIST virtual assistant services for the past few years and we couldn't be happier. Our virtual assistant has been an integral part of our team, helping us with administrative tasks such as records management, prior-authorization, and handling lab faxes. They have been a valuable asset to our clinic, enabling us to focus on providing high-quality care to our patients. Their expertise and attention to detail have helped us to improve our operations and provide even better care to our patients. We highly recommend their services to any medical clinic looking to increase their efficiency and provide top-notch care."

-Ray Boswell, Practice Administrator

Game Changer

"Our Anesthesiology practice has been using a Panacea maxxASSIST virtual assistant for over a year now and it has been a game-changer. Our virtual assistant has helped us with a variety of administrative tasks, including appointment scheduling, patient follow-up, and medical billing. With their help, we have been able to streamline our operations and provide even better care to our patients. We have been especially impressed with their attention to detail and their responsiveness to our needs. We highly recommend their services to any medical clinic looking to improve their operations and provide better care to their patients."

-Michiko Lenz, Practice Administrator
